## Key information

### Voting procedure

- 100% eletronic
  - More than 570 thousand electronic ballot boxes are in the Electoral Justice premises
  - 118 million voters are already able to vote with biometric identification
  - Those without biometrics vote with an official ID card with a photo

### Results of the election

- Ballot box bulletin
  - At the end of the voting session (5 pm), all polling stations issue a ballot paper with the number of votes in that section. The document is issued in five copies, of which one is made available to the political parties at the polling station itself.
- Ballot bulletin in hand
  - The printed bulletins have QR codes that can be used to compare this printed result with the digitally counted one.
- The release of the results is done by the TSE in Presidential elections, and by the Regional Courts in State-Level elections. This is done within a few hours after the closure of the election session.
